CLEARWATER VALLEY CONSULTING | NEWSLETTER 2026

OCTOBER

FOLLOW US ON OUR SOCIALS!

October gave us a lot to celebrate! On the 23rd, Clearwater Valley Consulting officially turned three, and we couldn't be prouder of the team we've built here in Colorado Springs. Looking back at where we started makes this milestone even more special. A big thank-you to everyone who's been part of our story!

We also added three new reads to the blog! Our guide to fact-checking Clearwater before applying helps candidates do their research with confidence, while our Clearwater name checklist makes it easier to tell us apart from companies with similar names. We also shared "The Ramp, Explained," a closer look at our training process and the opportunities within our Management Training Program.

Outside the office, we kept things fun with mini golf, a little friendly competition at Topgolf, and some spooky pumpkin carving for Halloween. We wrapped up the month with a team photoshoot in the mountains, complete with sunshine and great views!
